

International Scientific Committee & NanoSaclay Day

Tuesday October 3rd 2017

*CentraleSupélec, Théâtre
Bâtiment Bouygues
9-9 bis, 9 ter rue Joliot Curie
91 190 Gif-sur-Yvette*

8:20 *Welcome coffee*

8:45 **Estelle Iacona** (CentraleSupélec): Welcome

9:00 **Serge Palacin** (CEA): LabEx NanoSaclay: overview and highlights

9:45 **Agnès Barthelemy** (UMPhy): Progress in the Flagship AXION

10:20 **Fabrice Raineri** (C2N): Progress in the Flagship CONDOR

10:55 *Coffee break and poster session*

11:40 **Julien Lavie** (NIMBE): *Synthesis and optical properties of graphene quantum dots* (GANESH project - Open call 2015)

12:00 **Dominique Mailly** (C2N): *a versatile tool for sub 10nm dimensions* (NANOFIBHEL project - Open call 2015)

12:20 C2N & NanoChem: new buildings

12:45 *Buffet Lunch*

14:00 **Pascale Senellart** (C2N): Progress in the Flagship ICQOQS

14:35 **Liliane Massade** (I. Gustave Roussy): Progress in the Flagship Nanoprotection

15:10 **Cédric Bouzigues** (LOB): *Ultrasensitive biomarker detection with lanthanide-based nanoparticles for future in vitro diagnosis tests* (PANOPTIC project - Valorization call 2016)

15:30 **Cyrile Deranlot** (DAUMET): *From spintronics to luxury, a start-up adventure* (3DPAuW project - Valorization call 2015)

15:50 **Jacques-Olivier Klein** (C2N): Nano-reliability project

16:30 *Private deliberation of the Scientific Committee members*

18:00 Synthesis and advices of the Scientific Committee

Registration free of charge but required : <https://goo.gl/forms/lpkvXTAQwRE2LEaI3>
